

Lightning Talk: Championing Telemedicine: Expanding Access to Care in the Philippines

The COVID-19 pandemic has given the Philippines a tremendous opportunity to recognize the value and to widely adopt telemedicine in the country. In this presentation, Dr. Sarmiento will highlight the telemedicine initiatives of the National Telehealth Center through the years and the importance of having clear guidelines that clinicians and telemedicine practitioners can follow even after the pandemic gets resolved.

Keynote Speaker

Raymond Francis R. Sarmiento, MD

- Director, National Telehealth Center, UP Manila - National Institutes of Health
- Outstanding Young Scientist for Public Health Informatics (2019), National Academy of Science and Technology - Philippines
- Balik Scientist for Medical Informatics, Department of Science and Technology
- Philippine representative, WHO Working Group on Regulatory Considerations on Artificial Intelligence for Healthcare
- President, Philippine Medical Informatics Society
- Chair, Health Informatics for Development Working Group, International Medical Informatics Association
